Anika Tahsin | anikatultul2000

Dhaka-1216, Bangladesh

Objective

Motivated Industrial and Production Engineering graduate with strong interests in operations research, optimization, data-driven decision-making, and applied machine learning. Passionate about solving real-world problems. Seeking opportunities to contribute to research that blends analytical techniques with human-centered design and learn more about human–system interaction.

Research Interest

- **Operations Research and Optimization**
- **Application of ML in Complex Systems**
- **Agent Based Modeling and Simulation**
- **Human Factors in Transportation Systems**
- **Human-Centered Design and Ergonomics**
- **Decision Science under Uncertainty**

Education

- **Bangladesh University of Engineering and Technology** *2019 - 2024*
  B.Sc in Industrial and Production Engineering Dhaka, Bangladesh
  - GPA: 3.57/4.00

- **Govt. Sarda Sundari Mohila College** *2018*
  Higher Secondary School Certificate Faridpur, Bangladesh
  - GPA: 5.00/5.00

Professional Experience

- **BGMEA University of Fashion and Technology [🌐]** *July 2025 - February 2026*
  Part-time Lecturer Dhaka, Bangladesh
  - Supply Chain Management
  - Product Development
  - Measurement, Instrumentation and Control
  - Computer Integrated Manufacturing
  - Production and Process Control

Publications

- An image processing-based hybrid MCDM framework for urban seismic vulnerability analysis and post-earthquake resource allocation: A case study of Dhaka. Journal: Progress in Disaster Science, Elsevier. Volume: 31. DOI: https://doi.org/10.1016/j.pdisas.2026.100699.
- Utilizing Fuzzy TOPSIS in Selecting Best Routes for the Package Delivery Service Companies: A Case Study in Dhaka City Conference: The Engineers for Transforming Technology-Driven Smart Bangladesh, 61st IEB Convention, May 9-14, 2024 At: IEB, Dhaka, Bangladesh
- "Stock Price Prediction in the Banking Sector of Bangladesh: An Ensemble LSTM Framework." Preprint, In Review, April 7.https://doi.org/10.21203/rs.3.rs-9267752/v1.

Skills

- **Programming:** Python, C, MATLAB.
- **Machine Learning:** Deep Learning, CNNs, LSTMs, Decision Trees, Image Processing
- **Software:** QGIS, AutoCAD, SolidWorks, Ansys, Arena Simulation.
- **Data analysis and Visualization:** Python, Excel, Power BI, Geospatial Analysis.
- **Others:** LaTeX.

Honors and Awards

- **University Merit Scholarship** *Level-3/Term-2*
  Bangladesh University of Engineering and Technology
  - GPA 3.92/4.00

- **University Merit Scholarship** *Level-4/Term-1*
  Bangladesh University of Engineering and Technology
  - GPA 3.95/4.00

Test Scores

TOEFL: 5.5/6.0 (110/120)
Reading: 6, Listening: 6, Speaking: 5.5, Writing:5
GRE: 317
Verbal Reasoning: 156, Quantitative Reasoning: 161, AWA: 3.5
